

# WAN SOFIYAH

AI Engineer

Pekanbaru, Indonesia | [+62 896 3950 0789](tel:+6289639500789) | [wansofiyah233@gmail.com](mailto:wansofiyah233@gmail.com) | [LinkedIn](#) | [Portfolio](#)

## EXPERIENCE

### SawitPRO - AI Engineer Intern

Dec 2025 - Now

*Agritech Startup focused on Palm Oil - Pekanbaru, Riau*

- Developed automated CV features based palm tree detector, reducing SLA by 90% and cost of mandays by 36%

### PT Perkebunan Nusantara IV - Technical Administrative Intern

Mar 2024 - May 2024

*State-owned Agribusiness company - Pekanbaru, Riau*

- Supported a centralized inventory monitoring system by coordinating data collection across 13 plantation units and cleaning records prior to system input

## TECHNICAL PROJECTS

### Sawit Vision: Palm Tree Detection & Analytics (Computer Vision)

- Engineered a palm tree detection pipeline with tiled inference on high-resolution drone orthophotos, extending into 5 analytics features, achieving 97.4% accuracy

### FFB Grader: Automated Ripeness Classification (Mobile + Edge AI)

- Built an offline-first Android app for automated FFB ripeness grading with 94% recall, enabling field-based capture and NFC peer-to-peer data transfer without internet connectivity

### Dokter Sawit: AI Chatbot for Palm Disease Detection (LLM + RAG)

- Designed the image-alert pipeline supporting LLM+RAG-based disease diagnosis chatbot and contributing to its Android companion app

### Marketing Campaign Effectiveness - A/B Testing & Statistical Analysis

- Analyzed marketing campaign performance using ANOVA and Bonferroni t-test, identifying the top-performing campaign strategy for new product launch with statistical confidence

### Lung Disease Detection - Undergraduate Thesis

- Implemented a machine learning model (CNN) to detect and classify lung disease with Grad-CAM heatmap visualization to support medical decision explanation, yielding an accuracy of 96.33%

## SKILLS

- General Skills:** Excel, Machine Learning, Artificial Neural Network (ANN), Convolutional Neural Network (CNN), Computer Vision, GIS, Remote Sensing, QGIS, LLM, RAG, OCR, Android Studio, A/B Testing, Tableau, Power BI, Git, PRD writing.
- Programming Language / Libraries:** Python, TensorFlow, Keras, Scikit-learn, Pandas, Numpy, Matplotlib, Seaborn, MySQL, Kotlin

## EDUCATION

### UIN Sultan Syarif Kasim Riau - Pekanbaru, Riau

2021 - 2025

*Bachelor's Degree in Informatics Engineering – GPA 3.46/4.00*

- Held leadership roles as Secretary of HIMATIF 2022/2023

## CERTIFICATIONS

- Data Analytics Job Simulation** – Deloitte ([Credential](#)) 2026
- SQL (Intermediate)** – HackerRank ([Credential](#)) 2026
- Data Analytics** – SimpliLearn ([Credential](#)) 2026
- Google Cloud Skills Boost** ([Credential](#)) 2024
- Python Programming** – SoloLearn ([Credential](#)) 2024
- Database Programming with PL/SQL** – Oracle ([Credential](#)) 2023
